(a) COLLABORATION

(Page 11 - CalWORKs Plan)

The WtW Grant Program, that is federally funded through the U.S. Department of Labor (DOL) and administered through the Employment Development Department (EDD), has been implemented in Humboldt County through the collaborative efforts between the **Humboldt County Department of Social Services (HCDSS) and the Employment Training Department/Private Industry Council (ETD/PIC)**. The collaboration will be extended to The Humboldt County Workforce Development Partnership (one of six Regional Collaboratives funded) that includes the College of the Redwoods and the Humboldt County Office of Education.

After several joint meetings with ETD/PIC and the Humboldt County Department of Social Services a process and procedure for collaboration in the implementation of the Humboldt County Welfare-to-Work Grant Program has been developed and implemented.

Referral Process for WtW Grant DOL

October 29, 1998

Creation of Forms for ETD/PIC specific: Calendar, Ancillary Referral Agreement, Transportation Referral, and Child Care Referral

November 5, 1998

Designed an internal check list for DOL Referral - that includes the items that need to be sent over with the referral. Also designed a criteria check list for Social Services staff to aid in identifying cases that are eligible for referral. (Attached)

November 30, 1998

Received disk of Humboldt County Cases that had received aid for 20 months or more, this included 4,207 records.

December 18, 1998

From the disk printout as a starting point the cases that had been receiving aid for 98 months or more as a starting point for case referrals. The cases were identified and reviewed by case managers at DSS to determine if the cases fit into the criteria delineated by the Welfare-to-Work Grant Program. In addition, the case workers at DSS were asked to review their current case load for cases that may be eligible under the specified criteria.

January 6, 1999

Received a second disk from the State that included adults and children who were on aid for 30 months or more. This included 2,986 records of adults. This list is being used for identification of potential clients for the WtW Grant Program.

January 7, 1999

Began CASAS testing for all Welfare-to-Work participants to aid in the identification of potential WtW Grant referrals. Testing is taking place once per week.
